

DURHAM FAMILY COURT CLINIC FAMILY MEDIATION & INFORMATION SERVICE

September 20, 2005

Mr. Mike #TMDILH and Dad

Dear Mr. @TMDILH

Further to our telephone conversation of September 19, 2005, please be advised that as your assigned mediator, I have concluded that the mediation process is not able to meet your needs. Your Mediation file will be closed as of Sept. 21, 2005.

Sincere efforts were made to resolve the conflicted issues related to a parenting plan for your daughter, access and visitation schedules, vacation schedules, pickup and drop off arrangements and child support. Although some agreements were established, the implementation was hindered by the very high level of conflict present. It is my conclusion that communications are best facilitated through the two lawyers that have been retained and the mediation format is not able to assist you at this time.

If in the future, you feel that some common ground has been established then mediation services could be re-considered.

Thank you for your interest in Durham Family Court Clinic, Family Mediation & Information Services.

Yours truly,

Warren Briggs B.A., M.A.
Family Mediator
